Director's Column

Hello again and welcome to the month of June. As you know with the State being locked down and federal government doing the same thing not too much has been going on. A form has been submitted for our grant to be extended until October 21, 2020, still waiting on final word of approval.

As of writing this in the middle of May we don't even know if session has started back up on the hill in Nashville. As it stands right now the Board of Directors meeting is still scheduled for June 14 at 1 PM, Central Standard Time at the Roost, 5859 Hartsville Pike, Lebanon TN 37087. I know the session will have to start at least June 1st because the State has to do their budget by the 30th for the next fiscal year. If anything develops between now and the BOD, I'll let everyone know. For now everyone take care of yourselves and we'll see ya soon.

10. Honesty

Hello fellow board members,

Our next Board of Directors meeting is scheduled to be June 14 at 1 PM. After careful consideration concerning the COVID-19 virus and Governor Bill Lee lifting restrictions in the State, I have decided to go ahead with the June BOD but only with concerns for the safety of the board members. This event will take place outside with the permission from Mark Waters at the Roost in Lebanon Tennessee. I myself will stick to the rules of the CDC. I will have my mask on hand and I will not be doing handshakes instead I'll do elbow bumps. Hugging I'm not sure if it's a good idea or not. This event will also be a barbecue; on the main menu will be pork chops. Half the pork chops will be Kansas City rub style and the other half of the pork chops will be regular pork chops with a little hint of smoke. If anyone wants to bring a side dish such as, green bean casserole, coleslaw, baked beans or whatever someone wishes to bring. Plates and forks will already be there. The reasoning for this is its private property and a whole lot of space for all of us without being on top of each other. I'm also thinking after being cooped up for two months we all like to see each other again. Mark is allowing overnight camping if you want to bring your camper or motor home which ever. Before I forget it's also BYOB.

Those board members whose health is questionable, and do not wish to attend we all understand. See if someone in your charter can be there to represent your charter.

I'm looking forward to this being a fun and safe event for all of us Board of Directors members. I will have the agenda out within the next few days.

Motorcycle Fatalities Decline for the Third Year

The National Highway Traffic Safety Administration (NHTSA) released the “Early Estimate of Motor Vehicle Traffic Fatalities in 2019”, where the preliminary numbers show that motorcycle fatalities decreased 1% from 2018 to 2019. The early estimated from the Fatality Analysis Reporting System (FARS) shows that 36,120 people died on our nation’s roadways in 2019. Overall, this represents a 1.2% decrease from 2018, while Vehicle Miles Traveled (VMT) increased by 0.9% during this time. Fatalities decreased in most major traffic safety categories: Drivers (down 3%), Passengers (down 4%), Motorcyclists (down 1%), Pedestrians (down 2%), and Pedalcyclists (down 3%). You can download NHTSA’s full Early Estimate of Motor Vehicle Traffic Fatalities in 2019 here.

“Safety is our top priority so this report that traffic fatalities appear to have decreased again for the third year is great news”, said U.S. Transportation Secretary Elaine L. Chao. The U.S. DOT and NHTSA remain committed to reducing motor vehicle fatalities. In February 2020, NHTSA released over \$562 million in grants for highway safety programs that were appropriated through the current Highway Authorization, known as the FAST ACT, to the Offices of Highway Safety in all fifty states and U.S. territories.

“We know that most of the 36,560 roadway fatalities in 2018 related to behavioral issues such as speeding, alcohol and drug-impaired driving, distraction, motorcycle safety, and seat belt usage. The grants we’re announcing today will help our partners in state and local law enforcement and other transportation officials

enforce their highway laws and educate the public so that our roads will be safer for everyone”, said NHTSA Acting Administrator James Owens. In the fiscal year 2020, NHTSA awarded \$4.2 million in motorcycle safety grants to 43 states and one territory. You can see the full break down of what your state was awarded here.

The Motorcycle Riders Foundation is continuing to engage with Congress about the priorities of motorcyclists for the next Highway authorization. The FAST Act is set to expire in 146 days, and as of today, neither chamber of Congress has drafted legislation for the next five-year authorization. If you want to review any of our legislative priorities, you can read our 2020 legislative Agenda here (<https://www.mrf.org/legislative-tools/>).

About Motorcycle Riders Foundation
The Motorcycle Riders Foundation (MRF) provides leadership at the federal level for states’ motorcyclists’ rights organizations as well as motorcycle clubs and individual riders. The MRF is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. The MRF is committed to being a national advocate for the advancement of motorcycling and its associated lifestyle and works in conjunction with its partners to help educate elected officials and policymakers in Washington and beyond.

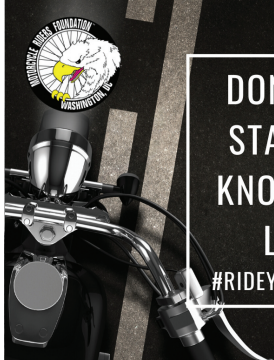

Motorcycle Riders Foundation Awareness & Education (MRFA&E) was established to promote motorcycle awareness and education due to an ever-increasing rider population. No one is more concerned with rider safety than riders themselves, and obviously those best suited to educate newer riders are veteran riders.

OUR MISSION:

Promote awareness and education in the motorcycle community to improve riders’ safety.

We are a 501C3 Corporation. Please donate – your donation is tax deductible. To donate, go to our website listed at the bottom.

MRF State Rep Report –

“Are we there yet?”
- said every kid on a long trip
Is it over?
Are we there?
Can I finally resume my normal life?
And the answers are:
Probably not,
Where were you going, and
Maybe.

This COVID-19 crap won’t be entirely over for quite a while. The corona virus is here, and we will probably be dealing with outbreaks of it for years to come. It looks like the initial pandemic is at least somewhat under control, but as we begin to open up businesses again, there may very well be a surge in cases.

We appear to have reached the point where the “curve is flattening”, but that is only an interim goal. We avoided overwhelming the medical system, except in a very few heavily infected urban areas. We are still months, or even years, away from a vaccine, and will then still need to get it out to enough people to make an impact on the potential expansion of the disease.

But the beginnings of a return to normal have started. Businesses are opening, even if only at reduced capacity. Large gatherings are still pretty much off the table. A lot of events continue to be cancelled. But there is a “plan” for getting back to full capacity.

As of now, the MRF’s Meeting of the Minds is still scheduled for September 24-27 in Indianapolis. I’ll have more details in future newsletters, but this is an event well worth attending and this year it’s a nice easy ride to get there. It’s never too soon to start making plans.

The big unknown is what happens over the next few weeks/months as Tennessee and the other States try to reopen for “normal” business. A huge increase in infections may put us right back into the lockdown that we are trying to work our

way out of. If the spread of the virus can be at least somewhat controlled, we may be able to continue to regain most of our pre-COVID life. But face masks, “social-distancing”, and other precautions may be part of our “new normal” until we get to the point where the virus is under better control, either through vaccination or exposure-based immunity.

As we move back into some semblance of a “normal” life, businesses will reopen, meetings and events will actually proceed as planned, and government institutions will move away from dealing with the corona virus and return to addressing the business of running our country. As they do, the Motorcycle Riders Foundation will continue to watch the progression of legislation that affects us motorcyclists. Expect to see updates from the MRF or myself regarding what you can do to influence these decisions. For the quickest access to this information, join the MRF and get on their direct mailing list. And check the current legislative issues on www.mrf.org.

I don’t know about you, but I’m ready for this corona virus stuff to be over! There’s too much living to do that can’t be done when everything is closed. We’ve set some targets to be able to get back to “normal”, and I just want to know: “Are we there yet?”

Let’s take the opportunities we have and get out there on the road. At least there we can...
