## Director's Column

To start off with, and I think I can speak for the members of CMT/ABATE INC as well as myself; that we want to thank all the health care workers, grocery store and convenience store operators, truck drivers and all those other employees that helped make this economy move. As we follow the CDC rules in washing our hands and maintaining six feet distance from other people, this still doesn't mean you have to coop yourself up inside. Get outside, work in your yard, plant flowers, trim shrubberies, grill outside and have family picnics. Get on your motorcycle ride through the countryside and get some fresh air. We are in a dawn of a new age an era. With social distancing, it allows us to spend more times with our family members. Parents spend more time with your kids and get involved with each other. Grandparents do the same. In the neighborhood I live in, I see a lot of parents with their children and a lot of couples walking up and down the sidewalk spending time with each other. Remember it's not the quantity of the time, it's the quality, and these are times for making memories. Now as far as bike riding goes I can't tell fellow riders what they should do or shouldn't do, but I personally have been riding in the warmer weather

Scott Smith  
CMT/ABATE INC  
Corporate Director

that we've had. I did it with some common sense by keeping latex gloves, hand sanitizer and a mask on the bike in case I have to go in to a convenience store. Those who have homemade mask, make sure you wash them in warm water with anti bacterial soap and just a little bit of bleach to keep your mask sanitized. Just the feel of the sun and wind blowing on my face and riding along through the countryside still gives me the sense of freedom while I ride. Just remember the CDC rules and most important of all, common sense. These are troubling times and we're all in this together but we will persevere. What challenges us as mankind, we overcome and it makes a stronger and better as humans. As for right now all charters have canceled all their monthly meetings and as far as I know right now and in the future. No rides are being scheduled or they have been cancelled. I will keep everybody informed as much as possible over the next couple months either through the newsletter or by mass email if things change in the future. But for now everyone be safe use common sense and try to take this negative situation and positive for now.

Note: State Board Meetings are the second Sunday of March, June, September, and December

**CMT/ABATE**, Inc. is not a "Biker Club", but a non-profit, political organization that was formed to preserve freedom and safety for all Tennesseans who enjoy motorcycling. Our major goals are to modify existing laws that are detrimental to motorcycle safety and enjoyment, and to enact new legislation in support of all motorcyclists who ride in Tennessee. If you are concerned about preserving personal freedom and motorcycle safety, please join us.

March 25, 2020  
**COVID-19 Lobby Ban**

As Congressional leaders seek to implement massive legislative initiatives in the wake of the COVID-19 crisis, numerous policy changes are being considered. Some of these initiatives are unrelated to the underlying situation and are being put forward by both political parties.

One legislative proposal put forward by the U.S. House of Representatives, H.R.6379 - Take Responsibility for Workers and Families Act, would ban lobbying by corporations that accept Federal aid in any stimulus legislation. You can read the legislative proposal in Section 407, CONDITIONS ON FEDERAL AID TO CORPORATIONS. We at the Motorcycle Riders Foundation (MRF) believe that one of the

most important rights guaranteed in the First Amendment is the right to petition the government for a redress of grievances. The MRF prides itself on actively petitioning the government on motorcycle related issues and the curtailing of that right, even if not aimed at our organization, is troublesome. We understand that these are trying times, but any infringement on our fundamental Constitutional Rights is not the answer.

“While the MRF continues to monitor the ever-changing legislative initiatives out of both chambers, I want to let you know that we are still busy being a ‘watch-dog’ on Capitol Hill” stated MRF President Kirk “Hardtail” Willard. “I want to reassure you that we will continue to navigate and execute our political mission with our long-standing ‘Total Vigilance’ in the coming days and weeks.”

We will continue to monitor the legislation as it moves through Congress and keep you updated as it pertains to anything motorcycle related or the operations of the MRF.

motorcyclists' rights organizations as well as motorcycle clubs and individual riders. The MRF is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. The MRF is committed to being a national advocate for the advancement of motorcycling and its associated lifestyle and works in conjunction with its partners to help educate elected officials and policymakers in Washington and beyond.

## MRF State Rep Report –

*"The most terrifying words in the English language are: I'm from the government and I'm here to help."*  
 – Ronald Reagan

Washington DC is pretty quiet as I write this article. The House of Representatives have gone home, and the latest word is that they may not come back until May. Of course, everything is subject to change, especially with the madness surrounding the corona virus. Through all of this, the Motorcycle Riders Foundation continues to monitor what is going on in our nation's capital, especially watching for issues hidden in the many corona virus response proposals.

The corona virus response has affected a lot of our activities, and is having an impact on our lives that we could never have imagined. Many of us are out of work, and those that are working may be concerned about being exposed to the virus. The government, both State and federal, have taken unprecedented steps that would never be tolerated in anything less than a severe wartime emergency. Are these actions warranted? Is it an overreaction? Only time will tell, when we can look back and determine just how widespread and destructive the virus became and how effective the response was. It will be important to moni-

tor these government actions to ensure that any restrictions of our rights or freedom are as minimal as possible, appropriate for the pandemic response, and are removed as soon as possible once the pandemic is under control. One thing I can tell you for sure right now - after talking to several friends and relatives in the medical field, I sure as hell don't want to catch this bug!

This is having a direct impact on our organization, and our lifestyle. Many local charter meetings and activities have been cancelled. The Midwest regional conference for the MRF, Heartland STEAM, has been cancelled, and so has the NCOM Convention. As of early April, the MRF's Bikers Inside the Beltway national lobby day is still scheduled for May 19, but that may change as we get closer. The Meeting of the Minds is not until September, and has not been affected – yet. For any event that you were planning on attending, check before you go.

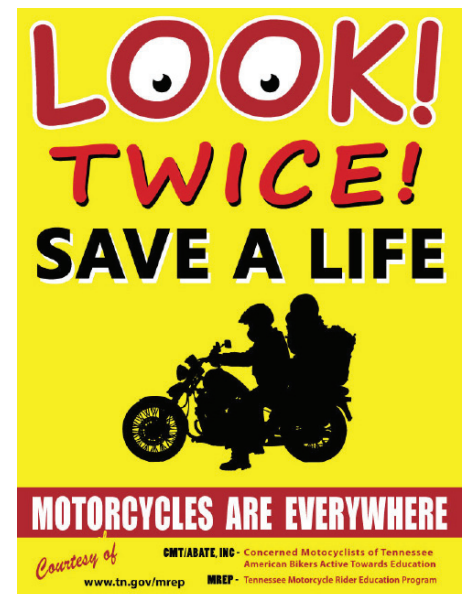

Should we be concerned about the corona virus? – Yes! It's a new and frightening development. People are dying, and it seems to be a particularly ugly way to go. We should all take the steps necessary to avoid infection and to keep from spreading the virus to others. Should we be concerned about

the government response to the corona virus? – Also Yes! This is a new and frightening expansion of government intrusion into our lives, with a potential for long-term impact on our rights and freedom. It will be critical for all of us to keep a careful eye on our government to ensure that any restrictions put in place are minimal, appropriate, and quickly removed. Only in this manner will we be able to protect our rights, and ensure our right to...

# Ride with the Leaders!

Thousands of motorcyclist rights activists have attended MRF sponsored annual regional and national workshops since 1985. These workshops provide the nuts and bolts, "user friendly" subjects and training to assist motorcyclists in defending, building, and strengthening their grass roots organizations.

Motorcycle Riders Foundation is proud to present their annual conference for politically motivated motorcyclists! Spend the weekend with some of motorcycling's most educated and dedicated activists. Learn what issues will impact bikers today and in the future!
