Director's Column

Hello again everyone, if you notice that during the last few months the Director Column has been publishing our Mission Statement. Sometimes we need to step back and take a look on where we are going and where we have been. It's very easy to stray off course of our mission and go wondering elsewhere. I'm hoping our editor will continue to place our mission statement as written in our newsletter. Here we are the last month of the year, Thanksgiving behind us and Christmas on our doorsteps. Before you know it, it's a new year. Our New Year's kickoff party in January 2020 will be here. Looks to be exciting and fun event for everyone. Don't forget our Board of Directors meeting is this month on the 8th at the Elks Lodge in Hendersonville. Look here in the newsletter for time and location of the BOD. I have been asking around with fellow members if they have any kind of drawing skills for the purpose of placing a comic strip in this newsletter. This could lead into major issues like someone moving into your lane, homeowner blowing grass into the road, or how about riders just cruising in comic form. If you have any kind of skills in this, contact Shannon Gregory at keeblergs@yahoo.com. Look forward to seeing everyone at the BOD and the New year's Kick Off Party. See you next year in the Director's column.

CMT/ABATE, Inc. is not a "Biker Club", but a non-profit, political organization that was formed to preserve freedom and safety for all Tennesseans who enjoy motorcycling. Our major goals are to modify existing laws that are detrimental to motorcycle safety and enjoyment, and to enact new legislation in support of all motorcyclists who ride in Tennessee. If you are concerned about preserving personal freedom and motorcycle safety, please join us.

To the State Board of Directors, Charter Directors, and general membership. My name is Mark McCaw I am the director for the French Broad charter. I would like to run for State Director of CMT/ABATE of Tennessee

I have been a member of ABATE since 05/07/1995 to present I was a member of 2 chapters in Illinois, and my Illinois membership does not expire until 2021. I became a member of CMT/ABATE in August of 2018. In May of 2019 I was voted in as charter director. Since that time, we have made some great strides in increasing membership and involvement in the charter. I cannot nor will I take complete responsibility for this it could not have been without the help of the great people in our charter.

What I would like to accomplish as your state director,

1st Promote safety and education as it should be to the front of everyone's list
2nd Ensure we have good legislative communication going on with our representatives
3rd Promote membership; let's face it with current membership levels we are dying you will ask how am I going to do this one of the first things I will do is reach out to states like Missouri who have went thru this exact issues to get ideas I will also reach out to strong states like Iowa Wisconsin and Illinois to get ideas and I also have some of my own ideas.

4th The state needs to be able to run on its own without the charters keeping it funded with increased membership and some state functions this can be done but it will take time

5th I would like to thank the lifelong members for everything they have done and accomplished it is greatly appreciated but as time changes thinking needs to change. I believe the State Board needs to realize they work for the charters not the other way around I believe that has been lost sight of

6th doing away with this thinking I have heard at every state meeting I have been at "it is the way we have always done it and it works" sorry we need new thinking it may have worked in the past but if it was working our membership numbers would not be as low as they are

7th We need to do more to make people all over the state aware of CMT/ABATE I know out in east Tennessee people have hardly ever heard of CMT /ABATE and I can only assume it is that way all over Tennessee except for the areas where we have a strong membership.

I would like to thank you for considering me for the state director position

Motorcycle Riders Foundation Awareness & Education (MRFA&E) was established to promote motorcycle awareness and education due to an ever-increasing rider population. No one is more concerned with rider safety than riders themselves, and obviously those best suited to educate newer riders are veteran riders.

OUR MISSION:

Promote awareness and education in the motorcycle community to improve riders' safety.

We are a 501C3 Corporation. Please donate -- your donation is tax deductible. To donate, go to our website listed at the bottom.

CMT/ABATE

Editorial

To understand the history of motorcycle riding in Tennessee you would have to go back to the late 60's. At this time most riders were either club riders with very few individual or group riders. Now we're not talking about the racing part of this which started long before this with the AMA (American Motorcyclist Association). Two decades before the 60's, veterans from wars were coming home and how they dealt with their experience was to buy motorcycles and hang out with each other. This wasn't just our State but nationwide. These men could only confide with each other on what they had been through because no one else would understand. I grew up with this mentality with my father who was a veteran of the Korean war. Four ribbons and three battle stars while he was in the navy. First thing he did when he got back was to buy an Indian Motorcycle in a box and put it together along with several of his buddies who had also bought bikes whom had made it home. Anyway, in the mid to late 60's, the United States offered a quid pro quo (meaning they made a deal) if the States would pass their Federal mandatory helmet bill the Federal Government would allocate to the States Federal Highway funding. This only lasted a couple of years, then the funding stopped but the law is still on the books. Since then riders of this State have been trying to fight this. In the late 70's and early 80's we had three groups in this state that were fighting for bikers' rights. Concerned Motorcyclist of Tennessee, Mid-South and Abate of East Tennessee. These three groups were mostly club members and were fighting for the same cause but were divided. In the late 80's and early 90's they realized what was missing, UNITY. They also realized they needed someone to represent them and all other bikers but at the same time remained neutral. This was the formation of CMT/ABATE INC. (Concerned Motorcycle of Tennessee/American Bikers Active Towards Education) thus giving us our name. This organization is made completely of volunteers. No person gets paid for anything just their time and dedication. We have a Board of Directors that is made of each member of a charter that represents their charter. These members make the decisions for the organization and the direction it's going. We are a 501 (c)4 non-profit political organization which its soul purpose is to protect riders of this State from unfair laws against riders. There are no stockholders or investors. We do have shareholders, that is everyone who has become a member of this organization. But we still have the same problem as before and that is UNITY. Anyone who rides should be a member, any groups out there should become your own charter. It doesn't matter what you ride or the color of your skin whether black, Asian, Middle East, Hispanic, Female, club members, riding clubs or even ministry clubs. We DO NOT Discriminate against anyone. Without all riders pulling together we CAN NOT do what is needed to save our rights to ride. We need everyone and you need us. All Board of Directors meetings are open to the public and if you wish to speak, contact the Director 10 days prior to be put on the agenda. Your concerns are our concerns, and this is why we want to hear from the riders of this State. If you're reading this in the newsletter and you're done pass it along to some else. If you like what is said here, make a copy and pass it out. You have my blessing to do so. If you would like to contact the Corporate Director, you can at cmtabatedirector@gmail.com. All this comes down to is the riders of this State have to Unify together to form one big voice that can be heard.
