Director's Column

Hi everyone. I'm glad the cold weather is gone for good. It feels good to be able to sit on the back covered deck with my laptop, drink a cup of coffee and listen to the animals in the woods. I'm excited on the new law that goes into effect January 1, 2020; no more hand held devices, blue tooth only. Maybe this will help in the reduction of distracted driving. Now we'll see how well its enforced, we already had a law on texting and driving. Maybe this will put a bite in the law. Many people have complained about these so-called intelligent people who mow their yards and blow the clippings in the road. They want to know how we can make it a violation of the law. To let you know, it is a violation of the laws on the books. There are several laws on this, it's just nobody reports it to their local officials. It's even against the law for these subcontractors who mow along the highways and blow it in the road. Even the County Departments blow clipping on the county roads, but with no complaints from the citizens, nothing is done about it. The cure would be for everyone, city or county to start filing a complaint. Then with enough complaints some actions may take place. Ride free, Ride safe.

YOUR RIGHTS YOUR RIDE

Legislative Director's Ramblings

Howdy everyone –We, CMT/ABATE, Incorporated are an advocacy group for Tennessee motorbike riders since our initial founding and our mission remains that we work as a team for the rights, safety, and freedom of Tennessee motorbike riders. Faces and names may have changed – the core mission remains the same.

The 2019 legislative session is half over. While I saw no “texting while driving” Bills that seemed worth our effort of support, a Bill was passed to make it a misdemeanor offense to use a hand-held device while operating a motor vehicle on Tennessee’s public roads. The key words are “hand-held” meaning of course that is one chooses to use such an item he must do so hands-free. I predict a small spike for the sale of headsets for those who can’t resist yacking and driving a 3,000-pound motorbike destroyer. There will be “immunity from prosecution” for someone who is calling “911” while operating a motor vehicle, as well certain emergency/safety personnel.

Yet - it’s already illegal here to text and drive – check. It’s already illegal here to

use a hand-held device while in a school zone – check. One can be cited for careless driving – check. One can be cited for distracted driving – check. One can be cited for failure to control an automobile – check. One can be cited for willful endangerment – check. I could go on and on with this since it seems we have a plethora of TCA and city ordinances to deal with the matter. Many of the statute topics I mention require law enforcement personnel to make a judgement call, you know, use their common sense to assess a situation and this new Bill take that completely out of their hands. Kind of a zero tolerance initiative, if you will.

I know that several motorbike riders and other people support this Bill. Personally, I did not like it since it kept dodging the major issue of texting while driving, and automatically makes a criminal out of anyone – even people who practice good discipline – if they use a hand-held device in its normal intended fashion. The devices are not the problem, of course. It’s the actions by some who use these devices. Hmm...that sounds familiar. Will it be enforced? We’ll see. In short; every-

one will be punished for the negligence to extreme negligence of a few people. Unlike most Bills that once passed and signed become law on 01, July each year, this Bill if signed will become law on 01, January 2020. You know how I feel about this matter, but I do want our highways to be safer for us and all users. Time will tell how well it works.

Reading the news from other SMRO’s around our area I don’t have a lot of really good news to share. Fortunately, I do not have much bad news to share, but I will share this item of concern. Even in States where the freedom of choice enjoyed a victory a few years ago the quantity of active SMRO members continues to decline. Why? I do not know an exact answer. Did the members from the years of struggle and victory just become too comfortable and leave, or did they just become too old and upon their departure were not replaced by a younger group of men and women ready to engage battle? I have a feeling that it is 25% of the former and 75% of the latter but this is just my estimate. So, if I am correct; how do we change this? Very easily – we attract and keep younger members. I know a couple of our Local Charters have made some changes and seem to be accomplishing this feat in small steps. Let’s pay attention to and consider the steps they have taken – that’s all that I ask.

I am closing with the same thought as I did last month. I encourage all of the Local Charters to step up their revenue events to build our Treasury. We must cover the operating costs of our Organization 100%, and any 2020 legislative efforts will require even more funding.

MRF State Rep Report –

"All citizens, whether native or adopted, are placed upon terms of precise equality. All are entitled to equal rights and equal protection."

- James K. Polk

Current issues in Washington DC:

On May 1st, the leaders of the House Motorcycle Caucus introduced House Resolution 338, declaring May 2019 Motorcycle Safety Awareness Month. The resolution sponsored by Congressman Michael Burgess (R-TX) and Tim Walberg (R-MI) reads in part:

"Resolved, That the House of Representatives--

- (1) supports the designation of Motorcycle Safety Awareness Month;
- (2) recognizes the contribution of motorcycles to the transportation mix;
- (3) encourages motorcycle awareness by all road users;
- (4) recognizes that motorcyclists have a right to the road and that all motorists should safely share the roadways;
- (5) encourages rider education and training for safe motorcycle operation; and
- (6) supports the goals of Motorcycle Safety Awareness Month."

Congressman Tim Walberg (R-MI) stated: "Motorcycle Safety Awareness Month is an important opportunity to remind car and truck drivers to always be on the lookout for a nearby motorcycle."

For the first time in over a decade, the

House of Representatives has introduced a measure recognizing motorcycles in the month of May, and we hope it helps foster continued positive conversations about motorcycles on Capitol Hill.

This week the MRF team in Washington met with 24 congressional offices to discuss motorcycle priorities with an emphasis on H. Res 255, the anti-motorcycle profiling resolution. The strategy to get this resolution passed is simple; we need to get as many co-sponsors added to the resolution as possible. A large number of co-sponsors demonstrate support for the resolution and helps let Congressional leaders know that there is broad political support for passing the resolution.

Last year, the House version of this resolution had 39 cosponsors. This year our goal is to get that number above 60. Since the resolution was introduced six weeks ago, we have garnered 22 cosponsors including seven that were added just this week. The letters sent by MRF members and our meetings on Capitol Hill are helping build momentum, but we need to keep the pressure up. The DC team will continue to meet with congressional offices and Bikers Inside the Beltway is a great opportunity for motorcyclists to educate lawmakers about this issue.

We are casting a wide net hoping to gain support from a variety of different states. Our meetings this week were with members of Congress from 21 different states. Currently, Illinois is leading the way with

five co-sponsors on the resolution. We will keep you updated on our meetings and the growth of our co-sponsor list.

These two issues, currently working their way through the legislative process, are two parts of the same argument – that we, as motorcyclists, are entitled to equal rights and equal protection. The Motorcycle Safety Awareness Month resolution recognizes that "motorcyclists have a right to the road and that all motorists should safely share the roadways". The motorcycle profiling resolution encourages state law enforcement agencies to treat us the same as any other citizen, and to not use "the fact that a person rides a motorcycle or wears motorcycle related apparel as a factor in deciding to stop and question, take enforcement action, arrest, or search a person or vehicle with or without legal basis under the Constitution of the United States". Your calls to your U.S. Representatives encouraging their support of both of these resolutions will go a long way in ensuring that we can maintain our equal rights and equal protection under the law, and that we can continue to...

YOUR TAX DOLLARS AT WORK FOR MOTORCYCLISTS' SAFETY

The Tennessee Highway Safety Office (formerly the Governor's Highway Safety Office) is using federal funds specifically designated for motorcycle safety to provide the gas pump handle motorcycle safety messages at gas stations around the state.

The picture in this article was taken our CMT/ABATE member "Fruitcake" at a Kwik Sak station in middle Tennessee. How many have you seen when out on the highways?

Thank you to the Tennessee Highway Safety Office for providing these highly visible messages, and thank you to all citizens, for paying their taxes.!!!!

Great news for the June 9 Board Meeting

Please make sure you have a designated attendee at the June Board meeting.

The remaining funds from our grant of 2018-2019 is being spent on MORE

Look Twice Save a Life yard signs to be given to each charter. Please drive a suitable vehicle for taking these signs back to your charter members for immediate use in visible areas.

(Include pic from above--Look Twice Safe a Life)

Hooray!! New Grant from Motorcycle Rider Education Program

Early in May, a phone call came from Major Johnson of the Tennessee Department of Safety that our grant has been approved. This year we will receive a markedly higher amount of money for this annual grant.

The Department has changed protocols, therefore, the grant is several months later in being approved, but we will receive the funds in time for projects that will involve individual charters and RIDING!!

Half of the funds are designated for Look Twice Save a Life and half for Don't Ride Fried.

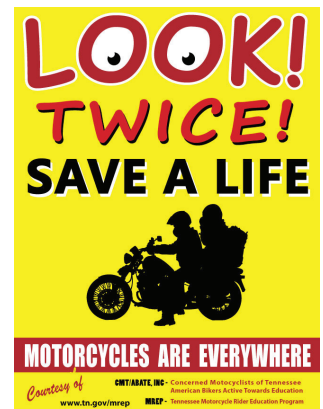

Many thanks to the Motorcycle Rider Education Program, The Department of Safety, and especially to the MREP director, John Miliken, for his many years of guidance and support and promotion of our grant programs that save the live of motorcyclists!!

Following the official June 9 board meeting, the officers of the Safety and Awareness Committee are asking interested CMT/ABATE members join in a meeting to work out a budget and projects for the expenditure of the funds. There are guidelines in the grant proposal that was approved, but there will be plenty of room for flexibility and creative ideas. We will again spend an appropriate amount for bus advertising in Memphis, and hopefully a couple of other cities/towns in Tennessee. You do not need to be an officer of your charter to be a member of the committee. Show up!! Hear more!! Share your input!! Decisions will be made.

Respectfully submitted by

Carol Simpson,

Director of Safety and Awareness. CMT/ABATE, Inc.

CANEY FORK

4/28/19

Called to order at 4:20 PM

Opened with prayer and the Pledge. Went over the rodeo. Rattler and Lee Ann donated the trophies for the events. Charter gave them \$50 towards the cost of the trophies back. Insurance for 2019 events have been paid. Pray for Marty Maxwell as he has been diagnosed with cancer. Heather Maxwell has finished more shirts and koozies. Talked about possibly setting up a booth at the fair. June 29th is the Veterans Ride. June 9th is the BOD meeting. Cheri Limeburner will be back from Poland on May 9th. Welcome Home Soldier!! Meeting adjourned at 5:30 PM
Thanks for Your Time
Gail Lyons

MUSIC CITY

Mavis called the meeting to order. Bob lead in Pledge. Kay led in prayer... Wendall began speaking on our Liberty Rally...

June 15th. We are doing a fun run to Patti's Settlement at Grand Rivers. We will meet at Piggy Pit in Springfield, at 11:00a.m Leaving at 11:30... Everyone come and enjoy the ride and food!!

June 2, Music City Meeting 2:00 Skully's
June 9th, B O D meeting at Skullys 11:00 am

June 29th, Bon Fire at Hattie and Joels house at 6:00 pm Glenn will DJ Come on out!!!! Food!! BYOB

July 20th, Christmas in July Toy Run!!! We need everyone to come join us. We will meet at Skullys and KSU 12 noon Remember these kids and families need us... New toys and non-perishable foods

August 23-25th. GUESS WHAT!!! STR!!! Hickman County Fairgrounds. Come on!! A great ONE RIGHT HERE!!! GET READY!!!!

Oh JR spoke on the RIDE WITH THE EAGLES 200 mile ride proceeds go to Vandy Children Hospital, also a new bike raffle!!

Darrell won the 50/50 and donated to the church

Bob motioned to adjour , 2nd by Glenn. Motion carried... meeting adjourned a; 2:55

See ya soon Ride safe Peace out Crash aka Sharon

Not Just ONE Attorney
The AIM Team to Help YOU

Check us out! Ask us to send you free written information about our qualifications and experience. Hiring a lawyer is an important decision and should not be based solely upon advertisements. Also ask the next biker you see about us.

ATTENTION: CMT/ASATE OF TENNESSEE MEMBERS—OUR nationwide network of A.I.M. Attorneys donate a significant portion of their legal fees from motorcycle accident settlements back into motorcycling by being the sole financial sponsor of the National Coalition of Motorcyclists.
