Director's Column

As usual I seem to be running late getting this thing typed, but this time for a different reason. I just flat forgot about it. Don't laugh, in time you will all be guilty of the same thing if you live long enough.

The high light of the past month for me was the Board of Directors meeting last Sunday. For the first time since I can't remember when, we had representatives from all the charters in attendance. That's the way it should be. Everyone was on their best behavior and business went along a steady trot. The only slow spell was when I got long winded in delivering some information for folks to ponder until the December meeting. I will take this time to publicly thank everyone for the way the meeting went.

Our charters have been busy the past month with everything from charity events to the STR. Never let someone tell you our members are lazy. The more I really get to know folks the more dedication I see out of them towards their fellow bikers and people in general. It's no problem to find a motorcyclist with kind words for CMT/ABATE, but when you hear a gubernatorial candidate comment on our good works, it does tend to put a big ol' grin on your face. I'd say we are doing something right. Are we doing enough? I don't think we will ever be able to do enough, but we can try. The main thing is that we do make a difference and more folks are slowly taking notice.

The closing of the Smoky Mountain charter has caused a bit of controversy among some of its members. All that was laid to rest at the BOD. We want to encourage those members to join their closest charter for now and hold on to the dream of having a good charter in the Maryville-Gatlinburg area in the future. I do want to thank the folks for the good work done in this charter.

Watch your email for some important announcements in the coming weeks. We have a lot going on and opportunities will arise for your participation. Without your help it won't get done.

Tony M. Dabbs
CMT/ABATE State Director

YOUR RIGHTS YOUR RIDE

Legislative Director's Ramblings

Howdy everyone –We, CMT/ABATE, Incorporated are an advocacy group for Tennessee motorbike riders since our initial founding and our mission remains that we work as a team for the rights, safety, and freedom of Tennessee motorbike riders. Faces and names may have changed – the core mission remains the same.

In a manner of speaking we are in the badlands of legislative issues at the moment with nothing happening save for a few tumbleweeds blowing by and a few people preparing to run for office next year. There are a few special elections we are watching closely, and we are of course paying serious attention to the Governor's race. Our focus for the 2018 last half of session is unchanged and we plan to charge hard with our helmet

modification Bill as soon as business allows soon after 15, January 2018. The 2018 session half promises to move very quickly and predictions are that it will end during mid-April. Whatever we have in hand at this moment is what we are focused on.

I am watching other States as well as the Feds and it is fairly quiet around us. The MRF has been successful pushing back against the Federal ethanol initiatives, and I predict the MRF and the AMA will soon be overwhelmed with upcoming "smart car" and "smart truck" unmanned vehicle matters and how we motorbike riders safely fit into this scenario. At the State level we will probably see some attention paid to "auto cycles".

I am reminded of an automobile/motorbike accident that happened very close to me, and the automobile driver was using

a mobile telephone prior to, during, and after the accident. The motorbike rider was seriously injured. As an Organization we last year supported a Bill that would have required hands-free use of mobile devices, but it failed. We are told that texting while driving is more dangerous than driving while impaired, yet the penalty for texting is very minor compared to the penalty for impaired driving - which involves jail time as well as a large fine and a license suspension.

I don't know of any specific group who will again press legislation during the upcoming session half, but we will expect it. If we know anything definite by the December State Board meeting we'll ask for a vote to support or not.

I close with this – we have a lot of job interviews to conduct between now and April 2018 and I again urge everyone – especially Local Charter Directors and Legislative Directors to invite candidates to their meetings. If you want me there to guide the discussion or just be a part of the audience, please ask me to be there and I will work it out.

MRF State Rep Report –

Tell the EPA to Stay Out of Racing

September 13, 2017

I received the notice below from the MRF regarding the RPM act to prevent the EPA from prohibiting the modification of street-legal cars and motorcycles for use on the race track. Please read this info, and then call, write or e-mail your US Senators & Representative to ask for their support of the RPM Act, H.R.350 and S.203.

For a pre-written letter, copy & paste (or type) the link in Megan's note into your browser.

MRF Friends and Supporters-

Today I sat in a congressional hearing that considered the Recognizing the Protection of Motorsports Act (or 'RPM' Act).

As you all know, the RPM Act is critical legislation that became necessary after the EPA attempted to sneak in language that would make it illegal for you to make modifications to your motorcycle even if it is for the purposes of racing. Though the Agency withdrew the language, even today they still maintain they have the authority to enforce this.

We MUST get this legislation passed which would ensure our right to modify our motorcycles as we see fit and ensure the EPA can't fine us for doing what WE HAVE ALWAYS DONE.

This legislation is broadly supported by both Republicans AND Democrats. The only

thing it needs now is a chance at a vote.

PLEASE CLICK / SHARE / SEND / POST the following link that will take you to a pre-drafted letter to your elected officials asking them to consider the RPM Act for a vote.

Let's not just be SAY-ERS, let's be DO-ERS!

DICKSON/HUMPHREY/HICKMAN

Our good friend and life-time member, Beefy Ethridge, was going to write up a brief history of our Charter, but he has been under the weather, so I'll take a shot at it. Big shoes to fill; get well soon Beefy!

The Dickson Charter was one of the four start-up Charters when CMT was formed. As Corporate Legislative Director, J Robert Forbes stated in last month's magazine "Faces and names may have changed, the core mission remains the same".

For thirty years we have held events and benefits to help members, friends, and neighbors in our community, countless Poker Runs and rides to bring bike riders together under the "Freak-Show" flag. The one constant of our Charter has been our annual Toy Run and Food Drive.

This will be the 30th anniversary of our Toy Run. For 30 years, we have collected toys and food to help out those in need in our communities to help brighten their holiday season. It is the second longest continuous Toy Run in the state.

This year's Toy and Food Run will be on October 28th, 2017. We will gather at the Charlotte Courthouse Square. Kickstands up @ 1:00 pm. We ride to the Waverly Courthouse Square where the toys will be distributed equally between Humphreys Co. American Legion and White Bluff Fire Department. Food items go the Dickson Co. Help Center and Humphreys Co. Helping Hands. All money from the sale of the t-shirts will be divided between the four organizations.

This year, we have dedicated the Toy Run in memory of the ones we've lost over the last 30 years. This will be a memorial run in their honor. We would like to invite all past and present members, family, friends and the public, to join us as we celebrate their memory and collect food and toys to help those in need. All jeeps, cars, trucks, classic vehicles, and anything with wheels that is street legal are welcome. Rain or Shine.

We hope ya'll will join us as we celebrate this milestone for our Charter. Whether you ride or don't; a member or not, please stop by and donate toys and food to help these families out for the holidays. Everyone has lost someone over the past 30 years and I can't think of a better way to honor their memory. Hope to see you there. B-safe

September is looking like it's going to be a great month. French Broad's 2nd Annual Moonshine Poker Run is looking like it's going to be a lot of fun. The popular

UPPER CUMBERLAND

Seems my August minutes were swallowed up & never to be seen again. Didn't know there was a problem until the minutes were not in the bulletin & tried to get in my computer to no avail.

The August 6, 2017 meeting was held at the Northfield Winery. The usual group attended with 2 guests. The Memorial Ride / Poker Run had 11 bikes & raised \$99 for the charter. We voted to have another Poker Run in Sept which got rained out. \$100 will be sent to the newspaper to renew the Gold Booster. Jack aka Fruitcake transfer from the Nashville group to ours since he now lives in this area. Welcome Fruitcake! Thank you Northfield Winery for having us. If you've never been, stop in and visit. Very nice folks & they ride too!

Sept 3, 2017 this month we ventured to the Highway Hawgs Clubhouse in Jamestown. Thank you to Billy & Becky for hosting this meeting. Thank you Becky for the delicious chili, dogs & fix'ins. It was wonderful. Ron opened the meeting & Mike led us in the Pledge of Allegiance. Lynn read the treasurer's report in Dean's absence. Old Business: UC Charter had 12 members attend the Southern Thunder Rally. The weather was beautiful & brought out a lot of riders. Attendance was up this year. We even had some people attend that were riding by, saw all the bikes & decided to join us. UC had 2 winners in the bike show. Congratulations to Jeff Choate, 2nd place & Dale Wright, 3rd place on their wins.

New Business: After our next meeting, we will have a short ride to collect signatures on our Summer Fun Run sheets & support our local sponsors. The Christmas Party was also discussed & Lynn is going to get info on catering prices for the meat. Those planning to attend, please think about what side dish you might bring so we can have a variety of dishes. There will be Dirty Santa with a \$10 price on gifts.

Upcoming meetings: Oct 1 at the Docks (exit 276 in Baxter) , Nov 5 at Cripple Creek Tavern in Derrosit (hwy 70 between Sparta & Crossville) & Dec 3 at the Hawg Barn in Cookeville. Come on out, support your charter & have some fun!

7th Annual Popcorn Sutton Memorial Jam is this month as well. The Geico Hot Bike Tour was on the 8th and 9th here in Johnson City. Bikes from the East, West, North and South all ended up here. Down Town was packed with so many Motorcycles. I handed out every flyer I had. You have to check out the photo's that were taken. Anyway, I'm concerned; I noticed over the last month that the profile on a lot of bikes really isn't that much. Yes, your touring bikes are mostly surrounded by lights in the back and sides, while on other bikes all you have is two blinker lamps and a stop lamp. With an increased number of accidents happening from rear end, does a biker settle for stylish or visibility in saving their own life. I can really see why a lot of cagers say "I didn't see him". We have many Governments agencies out there that set the standards for everyone's safety, but shouldn't we bikers take on some of the responsibility ourselves? I have heard some

fellow bikers say that "I'm not putting them on my Harley, that's not the way I bought it". And I have noticed that all the Harley Dealers are displaying rear lights that are more visibly noticeable than the factory lights. They will get your attention, they are bright even in the day light. The distracted cagers, well I just don't see how it's going to be enforceable by law enforcement. Look at Texting while driving; I think the first offence should be fine and a driver's education course. I don't know about you, the fine isn't much but I personally don't want to go to school for a driver's education class. A mid 50 year old grandpa in school with teenagers taking a driver's course? Not me I'll put my phone up. Now if they would just enforce that, I think a lot of accidents would stop. Who knows right? Anyway, see ya all on the road. Ride Safe Ride Free
