STATE DIRECTOR'S COLUMN

Well I am slowly recovering from my shoulder surgery so I can type with both hands now. Our September BOD meeting will be at the VFW in Hendersonville. We will observe a moment of silence for the Sept 11th 10th anniversary of the trade center bombing. We have a lot of one year election coming up at this meeting. Unopposed positions will be a yes or no vote, if a person has competition then there will be a ballot vote. We will be discussing what the land committee has come up with. The sign program is doing very well and is helping raise awareness of CMT/ABATE and what we do.

Our board is doing a terrific job working together and coming up with solid ideas to help us grow. We are still waiting to find out when the summer study will be on our Helmet bill. The NCOM business meeting is being held in Memphis this November. I urge you to come out and see what NCOM does.

The trend in our country is toward more freedom which has always been our goal. We need to work harder than ever to present our point of view that "the government that governs best - governs less." We have been preaching for 30 years what the people are finally waking up to, what the constitution says about personal freedom and less government regulation. These are exciting times and I am fortunate to have the privilege of being the state director during them.

I look forward to seeing you at the Sept Board meeting.

CMT/ABATE BOARD OF DIRECTORS:

Kindly accept this letter as my request to be considered for the position of NCOM Rep. I am currently on the NCOM Legislative Task Force Committee on the national level and hopefully I can be useful to CMT/ABATE.

I have been riding motorcycles for over 40 years and involved with biker's rights for about 38 years. I am certified through MSF to teach motorcycle safety and have an excellent working relationship with all SMRO's and leaders in motorcycle rights.

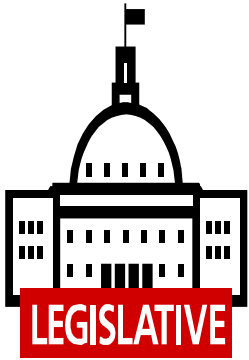

I am a member of the Knoxville Charter and I live in La Follette, Tennessee.

Further, I am requesting that this request be placed on the agenda for the September Board Meeting, pending your approval and printed in the newsletter.

If you have any questions, call me: 248-884-1880 (cell phone). ALSO...I would require NO funding from CMT/ABATE, as my expenses are already covered.

Respectfully submitted by:

Angel Richardson

RESUME FOR PRODUCTS CHAIRPERSON Election at September BOD

I have been approached by several people about taking over State Products. After much, much consideration, I told Kevin Chapnick that I would gladly take this responsibility over from him. Some of you have said that I would be a great person to do this job. I am willing to give it a shot and I truly appreciate the vote of confidence from everyone. I do have to say that I don't really have any experience in this field, but am willing to try. Kevin has expressed that he is unable to continue this office and to my knowledge no one has stepped up. I would appreciate your vote at the September B.O.D. unless someone more willing and better qualified steps up. Thanks for your vote.

Prayers Needed

On Sunday, August 21, little three year old John "Jack-Jack" Parker was trapped inside his burning home in Greenbrier, hiding under blankets and pillows on a couch. He was found on the third attempt by a young full-time firefighter lady whose fire hall is Springfield, TN, but who also volunteers for Greenbrier volunteer fire department.

Jack-Jack is the grandson of life-time CMT/ABATE member Catherine Hess-Voltz, formerly of Nashville, and now living in eastern Tennessee. Catherine has been a member of CMT/ABATE for more decades than it is polite to tell about a lady.

The immediate NEED is for HUGE PRAYERS AND 'LIFTING UP" OF THIS LITTLE BOY. The next 72 hours will be crucial to his recovery. Smoke and burn damage to his mouth, throat, and lungs cannot be entirely assessed. All treatments have been given to create environment for the best results.

Thank you for your positive thoughts and prayers. Update @ press time: Jack-Jack is off ventilator and is expected to have a full recovery. Miracle accomplished. Thanks for continuing prayers for family to rebuild. AMEN.

Congress Exempts Youth Motorcycles, ATVs and Snowmobiles from Lead Ban

The Motorcycle Riders Foundation (MRF) has learned that earlier this week, both the US House and US Senate passed a measure to clean up the Consumer Product Safety Commission (CPSC). HR 2715, sponsored by Mary Bono-Mack (R-CA), takes aim at re-forming the issue of banning youth products due to lead content percentages. Also known as the Consumer Product Safety Commission Improvement Act (CPSCIA), this bill addresses a number of issues; but first and foremost is the language to fix the lead law.

HR 2715 specifically addresses the issue of youth motorcycles, other off road vehicles, and snowmobiles, effectively exempting them from the lead certification rules. The measure sailed through both the Senate and House by unanimous consent in both chambers. The MRF applauds Congress for addressing this import issue.

The legislation will need the President's signature before becoming law. The MRF encourages you to contact the President and ask him to sign HR 2715 into law.

MONTGOMERY COUNTY CHARTER MINUTES

Wally led us in the pledge of allegiance. Wally then introduced the two guests that also attended the meeting, Dean Lucas and Kevin Black.

Jesse talked to the members about the static cling signs, miniature stickers and the patches that were given to hand out to businesses and personnel that are part of the grant program. Jesse stated that he wished the static cling were stickers because they can be seen better in his truck with tinted windows!

Jesse also confirmed that the charter blood drive is locked in for august 14th at the American Legion Post 233 in Oak Grove, Kentucky.

Kevin black talked about the upcoming Southern Thunder Rally and gave us flyers to help hand out.

Meeting was adjourned by Wally at 7:55.

Jesse A. Henne

Dean Lucas attended and oversaw the special election of a new treasurer (Lance Logue) and a new secretary (Tamara Henne). A checking account was finally established at Fort Campbell FCU. The chapter also co-hosted a ride and blood drive with Legion Post 233. The charter helped screen 32 applicants and provided the community with 29 units of blood. Rick, Michelle ran the ABATE booth while Tamara and Lance worked the crowds. Dean and Jesse rode the ride and helped spread the word with the numerous MCs that showed up. The following week the charter held it's first "lunch" run with a get together and ride to the Adams School house for BBQ.

ALERT TO ALL TENNESSEE MOTORCYCLISTS REGARDING RIDER EDUCATION SITE AT NASHVILLE STATE COMMUNITY COLLEGE

THANK YOU TO ALL WHO HAVE CONTACTED THEIR LEGISLATORS AND PRODUCED THE FIRST STEP TO RESOLUTION.

Briefly, due to the resurfacing of the asphalt parking lot at Nashville State Community College, the Administration of the college have taken steps to discontinue their contractual agreement with LearnToRide.org, who provides Motorcycle Rider Education Classes at the college, using the parking lot and a classroom for 30-35 weeks a year. This is the oldest rider education site in Tennessee, in existence since 1982. The reasoning is that the range striping will "deface" the new asphalt and create parking confusion for the students. The striping layout of the range is a requirement for certification of the range by the Motorcycle Safety Foundation standards and the Quality Assurance Reviews of the TN Department of Safety. Using cones or other temporary markings is not acceptable and would create dangerous liability. The range must be precise and correct. The striping of the course has not been a problem for nearly 30 years. As of the first alert yesterday, the President of the College had refused to meet with the owners/administrators of LearnToRide and/or the director of the TN Department of Safety Motorcycle Rider Education Program Director. The alert sent out yesterday was at the request of LearnToRide representatives, and this UPDATE is provided as a service to their efforts.

Channel 5 tv and Channel 4 tv of Nashville ran feature stories last night (Wednesday, August 10) regarding the situation.

Things are developing quickly, and due to pressure from several legislators, particularly Senator Doug Henry, a meeting of the principals of LearnToRide.org; John Milliken, Director of the Tennessee Motorcycle Riders Education Program; and President Van Allen of Nashville State Community College will take place tomorrow, Friday, August 12, 2011. John Milliken has agreed to report whatever outcomes

take place at the meeting shortly after the meeting is adjourned tomorrow. We will, hopefully, be able to report that information tomorrow night.

Our highest hopes are that a calm, educational, visionary discussion takes place, and the decades-long working relationship will continue at NSCC.

The Motorcycle Riders Education Program www.tn.gov/safety/mrep.shtml, was established as a result of the efforts of Concerned Motorcyclists of Tennessee through legislation promoted and passed in the Tennessee General Assembly in 1987. TCA 55.51.101-107. Assistance in these efforts was provided by the no-longer-in-existence Motorcycle Dealership Association. The sponsor of this legislation was Senator Douglas Henry, a true champion of Tennessee motorcyclists. At that time, there were three training sites in Tennessee and through the dedication of the Department of Safety, several consecutive directors of the program, dozens of site administrators, hundreds of rider coaches and assistants, and thousands successful students, the program has grown to 31 sites across the state. All sites maintain nearly FULL classes every year and the result is innumerable saved lives, and prevented injuries and property damage, as well as the enhanced enjoyment of motorcycling. We do not need to lose even ONE of these valuable sites.

More, soon. Forwarding this information is acceptable and encouraged.

Carol Simpson, PR/Communications
CMT/ABATE, Inc. csfreedom@aol.com 615 944 9797

Press time Update: Learntoride.org and the Department of Safety did not resolve the situation with NCSS. President Van Allen was reasonable, others connected with the school decided not to listen to reason. The LearnToRide program will continue in the Westside of Nashville location. Location negotiations will be complete soon. Call 232-2913 and ask John Milliken where the classes are going to be and thank him for his efforts.

Meeting Minutes

Cajun Catfish Company

August 4, 2011

Sgt. of Arms, Bobby Johnson, called the meeting to order at 7:10 pm. The Pledge of Allegiance was recited, followed by a moment of silence for our fallen brothers and sisters.

Gary Acton made a motion to make two changes in last months' minutes. 1. Change meeting location to Cajun Catfish Company. 2. Delete an inaccuracy regarding Senator Norris. Cecil seconded the motion and it passed unanimously. A motion was made to waive the reading of last month's minutes and to accept them as edited. The motion was seconded and approved. Minutes can be found on our web site, www.cmtabate-wheelsofthunder.com, under the meeting date.

Lynn reported our current bank balance, and we reviewed deposits and bills paid for July.

We had 16 members and 4 guests present at tonight's meeting. We have had 0 new members join and 1 member renewed at the meeting.

We had a guest speaker, Bullet, tell us about the upcoming Run and party for Make-a-Wish. The event will take place August 27, 2011. Bullet is going to email Joy a copy of the flyer for anyone interested otherwise you can contact him directly at 901-828-9801. All proceeds from the event will benefit Make-a-Wish.

Director's Statement - Director, Bob Celmer, reported that Rhonda Williams is the only person who was submitted an application for the State Legislative Chair. Therefore, it will be a "Yes" or "No" vote at the next BOD.

Reminder, also stepping down is Products Chair, Kevin Chapnick. You can submit your resume up to the time of the election at the next BOD in September.

Thank you to Sumner County for donating a new computer to the State Office, which is up and running in the new location now.

The STR is coming up the end of this month. Bob encouraged all who were able to make plans to attend.

We discussed whether to move our meeting

location for next month. Neal made a motion that we move the meeting to Perkins located at 1340 Germantown Parkway (at Wolf River). The motion was seconded by Al and passed unanimously. Their phone number is 901-759-5938.

Legislation- To reach Gary use this email: political_stuff@cmtabate-wheelsofthunder.com

MAFT - Gary informed us that their annual meeting will be August 14-18 at Tims Ford State Park.

Cable Barriers - The original thinking was that they were cheaper to install than concrete barriers or guard rails. Hence they have been erected in many places where traditional barriers would not be feasible. Recent evidence suggests that the total life-cycle cost including maintenance makes them more expensive. Gary contacted a TDOT Engineer responsible for the program and was told that they save the lives of those in automobiles. Some early studies show they are more dangerous for bikers. Near Nashville, a man was killed when he hit one. There will be a meeting in Nashville tentatively on August 25th to discuss these matters with select legislators, TDOT engineering management and interested motorcyclists. Anyone with highway engineering or a highway safety background who is interested in attending should email Gary. **MRF/AMA** - got a federal bill passed by Congress exempting youth motorcycles and ATV's from the Consumer Product Safety Commission's recent regulations on lead content in these vehicles. The bill is currently awaiting the President's signature.

Activities -

Wheels of Thunder Bash - Ron announced that there will be another event planning committee meeting soon. He urged everyone to please try to attend. He really needs help with vendors, scheduling activities, and sponsorships. Flyers will be ready soon. The Bash will be held at the VFW in Millington, September 24-26. The Bash is usually funded by Pre-sale tickets, sponsors and presale raffle tickets.

Safety and Education -

Cecil reminded everyone that with these extreme heat conditions, it is VERY important to stay hydrated.

Cecil met with the Mayor of Braden, who signed the paperwork to install

Look-Twice-Save-A-Life signs.

The mayor then got in his personal truck and went that night to install the 8 signs we gave him.

Grand Junction also signed their paperwork and received 10 signs.

Brighton got their packet today and should be signing it soon.

Next Cecil wants to work on Whiteville and Bolivar.

Cecil gave us a review of the major arteries and communities that these signs are covering.

Products - No report.

Old Business - No report.

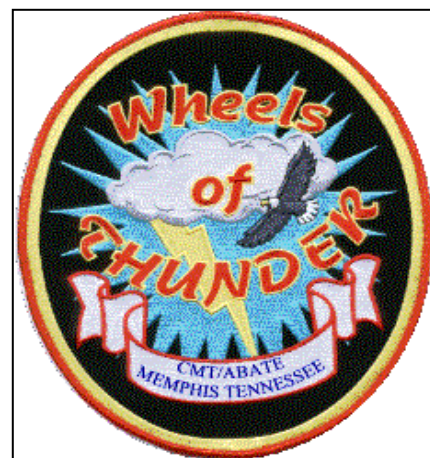

New Business - Al told us about an accident his daughter heard about where a biker and a bus were taking a left at a traffic light in Downtown Memphis. The bus ran over the biker and the bike then dragged them both for a block before stopping. Al cannot find any information about this incident and urges anyone who hears something to contact him.

Club News and Announcements -

Wounded Warrior Project will be held at Snowden Grove Park on October 9th. There will be lots of activities and big name entertainment. For more information visit www.mswwpr.com.

Joy will be rappelling down the White Station Tower for Special Olympics on August 27th. She has to raise \$1000 to do this. Anyone interested in sponsoring her please contact her at abatejoy@yahoo.com.

A motion was made to adjourn. It was seconded and approved by the membership. It's 8:00 and we're outta here!

DHH Charter

July Meeting

The 3rd Thursday of July at the VFW. There was 25 souls present for a meeting of their charter. Director Terry Davis was not present due to the passing of cards Daddy Mr. Leonard Oliphant. Asst. Director Pimp E Lee started the meeting with a prayer for Carol's family. He then asked the treasure for a money report Lil John scratched the 3 hairs on his head and told us, we only made \$480 on the rodeo, \$292 on the Canoe Poker Run – not good. We got \$1280 in the bank. Mr. "Blow it out you're A**Bash" Rollie stood and gave \$70 for his party at the Blue Hole back in May. Thanx man!

Pimp then told us of a future benefit for Ms. Lynn Spawn, more info at next meeting. Tie Dye Mark got the floor and said the meeting with Centerville Aldermen was very Groovy and the Look Twice Signs were going up in that town. Take a big ole drink to Mark and Poindexter for being our mouth piece and getting this done. An article about us and a picture of the sign was in the Centerville Newspa-

per. Cowboy George is working on Dickson. Beefy will talk to the Waverly people soon.

Debra gave us a membership report that stated we are 130 strong now. We gave a big welcome to bartender Phyllis Patrick, Steve Teston, who is out of the hospital now and recovering at home. Good healthy to you man. Travis Maynerd Curtis, Mr. Glenn Smith, Kevin Perchalaski, Melissa Gonzo Gonzalez, and a big hand for a new-be Mike Bughead Miller – bout time.

Beefy took off on Activities first with the too much fun STR, then to our Blue Hole Nitro Blast which is September 9th and 10th not the 17 & 18th! We currently have \$2150 in sponsor money. Cowboy then said he has another \$1000 sponsor. (and "hey got a beer") Far out!! A BHNB Committee meeting will be 7-31 at Abiff Pub to line up our ducks. Over 100 of you will read this, we need you to help your charter do this event. Please call 931-264-0856/615-293-4284 or 615-969-5543 to volunteer your help for your charter. September 9-10 next is the State Wide Poker Run and Ro-

deo Finals October 1st. October 8th we will help with the "Going Out With A Bang" Hatchethead Benefit for his family.

Some of the money from these fun events will go to the Legislative Fund to Protect your rights as a Motorcyclist. Some go to help the people in our area. Support these by attending and enjoying yourself. It's so easy – cavemen do it!

Happy B-day to our Sgt. At Arms Buddy. Born same year Harley put shocks on their motorsickles and Ms. Gonzo on the 27th. Check your membership date. Don't X-PIRE, RE-UP! Blue Hole Nitro Blast/Dirt Drags are Sept 9-10, see you there! 50/50 was done and won by Bday boy Dale Bradley who said "keep it". We did! Pimp E Lee then led us in the Pledge to our Flag. Nuff said, we scattered

That's all from me, **Beefy**
